- D. The project must qualify as an Arab production, by obtaining the minimum points needed to qualify according to the criteria score board set by the commission.

For Co-Productions: Productions recognized as an official co-production under a specific bi-lateral agreement with Jordan, shall be entitled to the same rights and have the same obligations as a local qualifying company as long as they meet the eligibility criteria as outlined herein and that of the relevant treaty. Irrelevant of who is the majority or minority partner, it is the Jordanian Co-Producer who should apply and is recipient of the incentive.

5: Applying for the Subsidy

The local Production Company shall formally submit all needed proper documentation (listed below) 60 days before the first principal photography day

1. Application form;
2. Top sheet of the overall production Budget;
3. Detailed, itemized estimate of expenditure in Jordan;
4. Synopsis of the Project, Script, Treatment outline;
5. The overall schedule of the audiovisual work and the schedule for the implementation of the project;
6. Copy of production service agreement between production service company and Arab qualifying company (not signed draft at application stage is accepted, but signed version will be required with final submission);

The application will be evaluated by the commission. If the film obtains the relevant minimum number of points to be recognized as a “**Arab Film**”, and obtained the committee’s approval that the production is eligible; the commission will issue an official qualifying note.

Budget Changes: Where, after submission of the application for provisional approval the budget of the Jordan Spend and estimated eligible expenditure as indicated in the official qualifying note, increases by over 10% of the original estimations prior to completion and final submission, the Commission needs to be informed in writing immediately of such changes. If it becomes apparent that the threshold has been exceeded, the Commission reserves the right to award the final incentive on not more than 10% over and above the overall qualifying expenditure, as outlined in the official qualifying note.

Should further allowances be made which are found to be justifiable, this will be made solely at the discretion of the Board.

6: Period of eligibility of a project

The preproduction of the project must start within **6 months** from the application Date, otherwise the application will be considered void and the producer will have to reapply, knowing that the Commission is obliged to accept the new application.

A project's period of eligibility is the period specified in the agreement during which the project activities begin and are completed, and the costs necessary for carrying out the project are incurred.

7: Final Submission of Documentation:

After the completion of the project, the Auditor shall formally submit the official **report** and all supporting documents as per the "**Audit and financial guidelines**" in **annex 1**, to the Commission within a maximum period of 90 days after the completion of the Production Project.

8: Payment of the Subsidy:

If the Committee approved the Auditor's Report, the Committee will refer the subsidy application to the Commission for final approval. Once the Commission approves the subsidy the Production Project will be qualified to receive the Subsidy with a total sum according to the brackets specified within these Standards.

The Commission shall pay the subsidy to the local production company within **150 days** of the Committee's approval date. Otherwise, the Commission shall specify the subsidy payments period (instalments) in the Qualifying Note.
